

# The Lincoln Loop

40 km

## The Lincoln Loop - 40 km

Here is a ride that gives you the best of Niagara - orchards, vineyards, farms, a super waterfall and some quiet streams and settlements. We start and finish in Jordan, a village of quaint shops, excellent restaurants and wineries. Stock up on food and water because there are not many other services on the route! Do make the detour into Ball's Falls. Not only is this a lovely waterfall, but it is surrounded by a pioneer village of buildings collected from all over Niagara and pretty rolling hills for exploring and picnicking. We strongly suggest you do the route as written; clockwise. The climb up the Niagara Escarpment becomes steeper the further west you go.
